Document No. 4

~~TOP SECRET~~

March 10 and 11, 1959 material
Reported March 11

Synopsis of Intelligence material reported to the President

BERLIN

Advanced arrangements to move Soviet units from Berlin indicate that the USSR could be prepared at any time to transfer its quadripartite responsibilities physically to the East Germans. There is also evidence that the East Germans are being prepared to assume the responsibilities which the Russians may relinquish.

John S. Eisenhower
